PROFILE SUMMARY

Hammed is a highly skilled and passionate Computer and Software Engineer with over eight years of relevant experience seeking a position in Information Technology (IT) and Data-related roles. His diverse skill set includes content writing, public speaking, software engineering, blogging, graphics designing, and proficiency in office packages.

With proven leadership experience from various roles, including a supervisor of the ICT department at the ICT department of a private school, he has honed his teamwork and problem-solving skills, making him an effective contributor to collaborative projects. His experience as a computer engineer intern and system operator has allowed him to implement innovative solutions and optimize data management systems, positioning him to make valuable contributions in data-related roles within any organisation. He is a strong problem solver with the capacity to meet tight deadlines.

WORK EXPERIENCE

Supervisor of ICT Department
De-Gifted Private School   March 2023 - Present

- Manage and maintain the school's ICT infrastructure, including computer systems and network equipment.

- Provide training and technical support to teachers and staff for effective use of ICT tools in teaching and administration.
- Develop and enforce ICT policies, ensuring data security and compliance with relevant regulations. Integrate
- technology into the curriculum, collaborating with educators to enhance the learning experience.

- Budgeting and procurement of ICT resources, staying informed about emerging technologies for future planning.

Software Engineer
Maxim   May 2019 - Present

- Design, develop, and maintain software applications and solutions required for the company's limited activities.

- Provide technical assistance and troubleshooting for existing software systems and address any issues that may arise in the company's minimal operations.
- Participate in discussions related to the selection of appropriate technologies and tools for the startup's specific needs and future scalability.
- Work closely with other team members, wear multiple hats as needed, and be adaptable to support various aspects of the startup's activities beyond just software development.

Computer Engineering Intern
ABED Computer Engineering   March 2018 - April 2019
Institute

- Engaged in hands-on learning opportunities and gained practical experience in computer engineering concepts and techniques.
- Supported senior engineers in their projects, tasks, and day-to-day activities, contributing to the institute's ongoing projects.
- Assisted in testing and troubleshooting computer hardware and software components to ensure their proper functioning and reliability.

Systems Operator
Mabel Computer Centre   Feb 2012 - December 2018

- Monitored the computer systems and network in the computer Centre to ensure their smooth and efficient operation.
- Performed routine maintenance tasks, such as backups, software updates, and system checks, to ensure the reliability and security of the systems.
- Provided basic technical support to users in the computer Centre, assisting with simple issues and directing more complex problems to higher-level support if needed.

LEADERSHIP EXPERIENCE

He is an experienced and inclusive leader known for driving success in diverse organizations. His leadership style, marked by strategic thinking and a commitment to excellence, extends beyond technical expertise to effective communication and team-building. Leading by example, Hammed motivates teams and leaves a lasting impact on the organizations he serves. With a philosophy centered on empowerment and collective success, he creates a legacy of collaboration and success in every role.

Here are a few among the numerous leadership positions he has held and continues to hold:

North-Central Geo-Political Zonal Coordinator
National Association of Computer Engineering Students (NACOMES), Nigeria   2022 - Present
Coordinate activities for the North-Central zone, covering Benue, Kogi, Kwara, Nasarawa, Niger, and Plateau States, as well as the Federal Capital Territory, with over 5,000 students under this jurisdiction.
Hammed has demonstrated exceptional leadership skills in this role, overseeing a large student body and ensuring the smooth execution of various initiatives.

President
Computer Engineering Students Association (CESA), University of Ilorin, Ilorin, Kwara State, Nigeria   2020/2021
Led a team of at least 500 students in various initiatives and activities.

President
Federation of Iwoland Students Union (FILSU), University of Ilorin, Ilorin, Kwara State, Nigeria   2020/2021
Provided leadership to a student body of at least 100 students, overseeing organizational activities.

President
Information and Communication Technology (ICT) CDS, National Youth Service Corps (NYSC), Abeokuta South, Ogun State, Nigeria   2023/2024
Led a team of 300 corps members in ICT-related initiatives during the NYSC service year.

EDUCATION

BSc. Computer Engineering

University of Ilorin, Nigeria   2022

Secondary School Certificate Examination (SSCE)

Iwo Grammar School, Iwo, Osun Sate   2016

Primary School Leaving Certificate

Competence Primary School, Iwo Osun State   2009

EXPERTISE &TECHNICAL COMPETENCIES

Technical Tools

Operating System, Antivirus and Security Software, Printers and Peripherals, Text Editors + IDE (VS Code), Stack Overflow, Sublime Text, Git, GitHub, PixelLab, Adobe Photoshop, and Canva.

Programming Languages

VanillaJS, ReactJS, Firebase, NextJS, TailwindCSS, CSS, HTML

Content Writing Tools

Office Suites, Spin Bot, ChatGPT, Bing, BardAI.

Design Tools

PixelLab, Adobe Photoshop, and Canva.

Soft Skill

Time Management, Problem-solving, Attention to Detail, Analytical Thinking, Effective Communication, Customer Service and Support.
