PROFILE SUMMARY

I am a highly skilled and passionate Computer and Software Engineer with over eight years of experience. My expertise spans content writing, public speaking, software engineering, blogging, and graphics designing, along with proficiency in office packages. Throughout my career, I have demonstrated strong leadership abilities, particularly evident during my tenure as a supervisor of the ICT department at a private school. My hands-on experience as a computer engineer intern and systems operator has equipped me with the skills needed to implement innovative solutions and optimize data management systems.

WORK EXPERIENCE

Supervisor of ICT Department

De-Gifted Private School   March 2023 – December 2023

- Manage and maintain the school's ICT infrastructure, including computer systems and network equipment.

- Provide training and technical support to teachers and staff for effective use of ICT tools in teaching and administration.

- Develop and enforce ICT policies, ensuring data security and compliance with relevant regulations. Integrate

- technology into the curriculum, collaborating with educators to enhance the learning experience.

- Budgeting and procurement of ICT resources, staying informed about emerging technologies for future planning.

Software Engineer

Maxim   May 2019 - Present

- Design, develop, and maintain software applications and solutions required for the company's limited activities.

- Provide technical assistance and troubleshooting for existing software systems and address any issues that may arise in the company's minimal operations.

- Participate in discussions related to the selection of appropriate technologies and tools for the startup's specific needs and future scalability.

- Work closely with other team members, wear multiple hats as needed, and be adaptable to support various aspects of the startup's activities beyond just software development.

Computer Engineering Intern

ABED Computer Engineering   March 2018 - April 2019
Institute

- Engaged in hands-on learning opportunities and gained practical experience in computer engineering concepts and techniques.

- Supported senior engineers in their projects, tasks, and day-to-day activities, contributing to the institute's ongoing projects.

- Assisted in testing and troubleshooting computer hardware and software components to ensure their proper functioning and reliability.

Systems Operator

Mabel Computer Centre   Feb 2012 - December 2018

- Monitored the computer systems and network in the computer Centre to ensure their smooth and efficient operation.
- Performed routine maintenance tasks, such as backups, software updates, and system checks, to ensure the reliability and security of the systems.
- Provided basic technical support to users in the computer Centre, assisting with simple issues and directing more complex problems to higher-level support if needed.

LEADERSHIP EXPERIENCE

In my leadership roles, I have cultivated a reputation as an experienced and inclusive leader dedicated to driving success within diverse organizations. My leadership style is characterized by strategic thinking, a commitment to excellence, and effective communication and team-building skills. I lead by example, motivating teams and leaving a lasting impact on the organizations I serve. With a philosophy centered on empowerment and collective success, I strive to create a legacy of collaboration and achievement in every role I undertake.

Among the numerous leadership positions I have held and continue to hold, some notable ones include:

- **North-Central Geo-Political Zonal Coordinator**

  National Association of Computer Engineering Students (NACOMES), Nigeria
  (2022 - Present)
  In this role, I coordinate activities for the North-Central zone, overseeing over 5,000 students across multiple states and the Federal Capital Territory. I have demonstrated exceptional leadership skills by ensuring the smooth execution of various initiatives and providing guidance to a large student body.

- **President**

  Computer Engineering Students Association (CESA), University of Ilorin, Ilorin, Kwara State, Nigeria (2020/2021)
  As the president, I led a team of at least 500 students in various initiatives and activities, fostering a culture of collaboration and excellence within the association.

- **President**

  Federation of Iwoland Students Union (FILSU), University of Ilorin, Ilorin, Kwara State, Nigeria. (2020/2021)
  In this role, I provided leadership to a student body of at least 100 students, overseeing organizational activities and promoting the interests of the student community.

- **President**

  Information and Communication Technology (ICT) CDS, National Youth Service Corps (NYSC), Abeokuta South, Ogun State, Nigeria (2023/2024).
  During my NYSC service year, I led a team of 300 corps members in ICT-related initiatives, contributing to the development of technology-driven solutions and services for the community.

In each of these leadership positions, I have demonstrated my ability to inspire and guide teams toward shared goals, fostering an environment of growth, innovation, and success.

EDUCATION

BSc. Computer Engineering
University of Ilorin, Nigeria   2022
Secondary School Certificate Examination (SSCE)
Iwo Grammar School, Iwo, Osun Sate   2016
Primary School Leaving Certificate
Competence Primary School, Iwo Osun State   2009

EXPERTISE &TECHNICAL COMPETENCIES

Technical Tools

Operating System, Antivirus and Security Software, Printers and Peripherals, Text Editors + IDE (VS Code), Stack Overflow, Sublime Text, Git, GitHub, PixelLab, Adobe Photoshop, and Canva.

Programming Languages

VanillaJS, Typescript, ReactJS, Firebase, NextJS, TailwindCSS, CSS, HTML

Content Writing Tools

Office Suites, Spin Bot, ChatGPT, Bing, BardAI.

Design Tools

PixelLab, Adobe Photoshop, and Canva.

Soft Skill

Time Management, Problem-solving, Attention to Detail, Analytical Thinking, Effective Communication, Customer Service and Support.
